PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in data analytics, business process digitalization, and operational optimization at Indonesia's largest energy company. Proven track record of improving operational efficiency by 25% through data-driven solutions. Passionate about applying Machine Learning and Data Science to solve real-world business problems.

WORK EXPERIENCE

Data & Operations Intern **Aug 2025 - Feb 2026**

PT Pertamina Hulu Rokan

- Developed and optimized data pipelines for large-scale operational datasets (10,000+ rows) using Python (Pandas, NumPy), improving processing efficiency by 25%.
- Performed end-to-end data collection, cleaning, wrangling, and preprocessing, reducing data inconsistencies by 20%.
- Transformed raw data into actionable insights through visualization and reporting, enhancing decision-making efficiency by 15%.

EDUCATION

Bachelor of Computer Science **Oct 2021 - Jan 2025**

University of Muhammadiyah Riau

- Final GPA : 3.46

PROJECTS

British Airways Data Science Job Simulation on Forage **Sept 2026**

Tech: Python, Pandas, Scikit-learn, Matplotlib, Seaborn, Jupyter

Built Random Forest classifier predicting customer buying behaviour on 50K flight booking records, achieving 85% accuracy and 0.77 ROC-AUC with 5-Fold Stratified Cross-Validation. Engineered custom features (lead_duration_ratio, total_wants) that ranked in top 3 feature importance. Performed comprehensive EDA, outlier detection, and class imbalance handling on real-world aviation dataset.

Vehicle Tax Payment System **Sept 2026 - Oct 2026**

Tech: React 19, TypeScript, Vite, Tailwind CSS 4, React Router 7, Context API

Built a full-stack web application for online vehicle tax payment, featuring secure user authentication, automated tax calculation, QR code integration, and payment gateway workflow.

SKILLS

Python, SQL, NumPy, Scikit-learn, Matplotlib, Seaborn, Git & GitHub, Jupyter Notebook, Excel, PowerPoint, Machine Learning, Deep Learning, Data Cleaning & EDA, Feature Engineering, React 19, Data Visualization, TypeScript , React Router 7, Communication, Infrastructure Planning

CERTIFICATIONS

British Airways Data Science Job Simulation - Forage

LANGUAGES

- English — Fluent (Professional Working Proficiency)
- Indonesian — Native
